Molly Wood

photograph  
15" x 15"  
2022

The Artist:

"Molly Wood, is a photographer based in Des Moines, Iowa.

Her images use botanicals as metaphors for personal experiences and explore the interplay between modern technologies and art history. While using recent digital advances in photography, all of her images are styled using only natural window light with traditional Dutch still life paintings in mind. She creates portraits of these botanicals in formal, sacred spaces, often at an intensely intimate distance."
